As part of this effort, the grantee must collect and submit certain project data, as defined in the Progress Report Supplement (PRS) and must provide data as requested or needed to support external evaluations.

Grant Period

Unless otherwise specified, the Grant covers a three-year project period. In approving a multiyear project period the Corporation makes an initial award for the first budget period. FFRs must report expenses on a cumulative basis over the performance period of the grant and are due 30 days following the end of the reporting period.

Programs completing the final year of their grant must submit a final FFR that is cumulative over the entire grant period. This FFR is due 90 days after the close of the grant.

Progress Report

Grantees must prepare a Progress Report at the end of each annual budget period. The report must be submitted in eGrants no later than 30 days after the end of the annual budget period.
